### **234. ACCESSIBILITY GUIDELINES FOR PEDESTRIAN FACILITIES IN THE PUBLIC RIGHT-OF-WAY**

**Legal Authority:** 42 USC 12204, Americans With Disabilities Act; 29 USC 792, Rehabilitation Act

**Abstract:** This rulemaking would establish accessibility guidelines to ensure that sidewalks, pedestrian street crossings, pedestrian signals, and other facilities for pedestrian circulation and use constructed or altered in the public right-of-way by State or local governments are accessible to and usable by individuals with disabilities. The rulemaking in RIN 3014-AA41 that would establish accessibility guidelines for shared use paths that are designed for bicyclists and pedestrians and are used for transportation and recreation purposes is merged with this rulemaking. A second notice of proposed rulemaking (Second NPRM) would propose to add provisions for shared use paths to the accessibility guidelines for pedestrian facilities in the public right-of-way. The U.S. Department of Justice, U.S. Department of Transportation, and other Federal agencies are expected to adopt the accessibility guidelines for pedestrian facilities in the public right-of-way as enforceable standards in separate rulemakings for the construction and alteration of facilities covered by the Americans With Disabilities Act, section 504 of the Rehabilitation Act, and the Architectural Barriers Act.
